has satisfactorily met the requirements of paragraph (d)(1) of this section, HUD shall consider the cumulative effect of the following factors, where applicable:

(i) Whether the exception would provide a significant cost benefit or essential expert knowledge to the program or project which would otherwise not be available;

(ii) Whether an opportunity was provided for open competitive bidding or negotiation;

(iii) Whether the affected person has withdrawn from his or her functions or responsibilities, or from the decision-making process, with reference to the specific assisted activity in question;

(iv) Whether the interest or benefit was present before the affected person was in a position as described in paragraph (b) of this section;

(v) Whether undue hardship will result, either to the grantee or to the person affected, when weighed against the public interest served by avoiding the prohibited conflict;

(vi) Any other relevant considerations.

(e) *Circumstances under which the conflict prohibition does not apply.* (1) In instances where a person who might otherwise be deemed to be included under the conflict prohibition is a member of a group or class of beneficiaries of the assisted activity and receives generally the same interest or benefits as are being made available or provided to the group or class, the prohibition does not apply, except that if, by not applying the prohibition against conflict of interest, a violation of Tribal or State laws on conflict of interest would result, the prohibition does apply. However, if the assistance to be provided is housing rehabilitation (or repair) or new housing, a public disclosure of the nature of the assistance to be provided and the specific basis for the selection of the proposed beneficiaries must be made prior to the submission of an application to HUD. Evidence of this disclosure must be provided as a component of the application.

(f) *Record retention.* All records pertaining to the grantee's decision under
